### Death of Joseph Myers

Falls City, Neb., Nov. 11, 1898,

Brother Levi Nedrow of this place is just in receipt of a letter which will be of interest to many readers of the EVANGELIST. By consent of Brother Nedrow I copy the following:

#### THE LETTER.

"Jerusalem, Palestine, Oct. 17, 1898.

Dear uncle Levi and aunt Katy: Dear papa passed to the other side last Saturday afternoon, (Oct. 15,) very peacefully and happily. We were not expecting it. He had been sick with chills and fever which is

very common in this country, but which rarely results in death. He was sick about five weeks, but was not confined to his bed entirely until about a week before he died.

He was buried on Mt. Zion in the Green cemetery. We are very happy and are pressing on to meet him and all that have passed to the other side without spot or wrinkle. We are all well.

The Emperor of Germany will be here in about two weeks. Great preparations are being made by the government and all the people. A carriage road to the top of Mt. of Olives has just been completed for his ascent.

The weather is quite hot now. The climate is pleasant the year round—not very cold in winter, not very hot in summer, and when hot during the day it is always cool at night because we get the wind from the sea.

With much love from us all.

Your Nephew,

BERT MEYERS.

**NOTE.**—The foregoing gives all the information we have of the last days and death of brother Joseph Myers. An extended account of his eventful life will be prepared and submitted to the EVANGELIST for publication as soon as the data can be transcribed and verified.

Fraternally,

S. J. HARRISON.

### The Christian Co-Operative Colony. Located at Sunnyside, Yakima Co., Washington

Its promoters have investigated a number of other states, including Tennessee, Louisiana, Texas, Colorado, Arizona, California and Utah. They feel assured that in their selection of Sunnyside, Washington, that they have made a wise choice, where

1. The climate is healthful and pleasant. No cyclones, no thunderstorm and no sunstrokes.
2. There is the greatest variety of fruit, vegetables and general farm products reaching perfection.
3. The conditions for raising all kinds of stock, and for dairying are the most favorable.
4. There are fewer flies and mosquitoes than are found in the average locality in the Mississippi valley.
5. The soil is of unexcelled fertility, and is six to forty feet deep.
6. Lands can be had from first hands.
7. All is under one of the most reliable and perfect systems of irrigation in the United States. The supply of water is greater than the demands of the country can ever require.

Up to date the following persons have investigated and purchased lands:

- C. Rowland, Lanark, Ill.
- H. M. Lichty, Carleton, Neb.
- Joseph Stitzel, Lanark, Ill.
- D. M. Fike, Carleton, Neb.
- S. J. Harrison, Falls City, Neb.
- Jacob W. Miller, Waterloo, Ia.
- J. E. Laird, Lanark, Ill.
- D. B. Eby, Lena, Ill.
- Sam H. Miller, Waterloo, Iowa.

These parties have already begun the improvement of their lands and do not expect to stop until every foot of their purchase is in cultivation. Any person interested can correspond with any of the above, enclosing stamp for reply.

Each land owner operates his own tract. The "Co-operation" consists in advertising and developing the country materially, socially, intellectually and religiously.

The promoters are Dunkards in religious faith, and care will be exercised to preserve the identity of both conservative and progressive branches of the church. We hope to establish a great stronghold of Christianity in the Yakima valley upon the favorable conditions existing. For descriptive pamphlet, address
